December 1, 2014

To our patients with Geisinger insurance;

It is with much regret that we must inform you that we will no longer be participating with Geisinger Health Plan. It was not by our choice. The hospitals with which we are participating are not going to be in the Geisinger Network. Because of that, we can not see any Geisinger patients after December 31, 2014.

Please contact your insurance to sign up with a participating provider that will be able to take over your care starting January 1, 2015. You may fill out a record release and we will send your records to your new primary care physician.

We enjoyed having you as part of our practice! We wish you well!

Sincerely

Glen S. Bartlett
And Staff of Hershey Pediatric Center

We will be closed
Thursday November
27 and Friday
November 28, 2014.

There will be a provider on
call for emergencies.
